Invest Health Collaboration Grant Q&A

Jennifer Fassbender, Reinvestment Fund

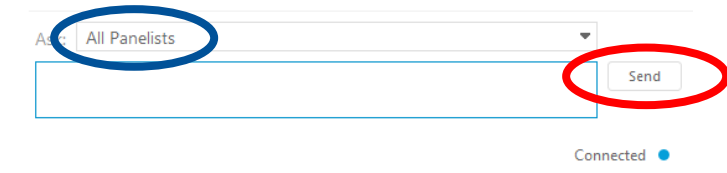

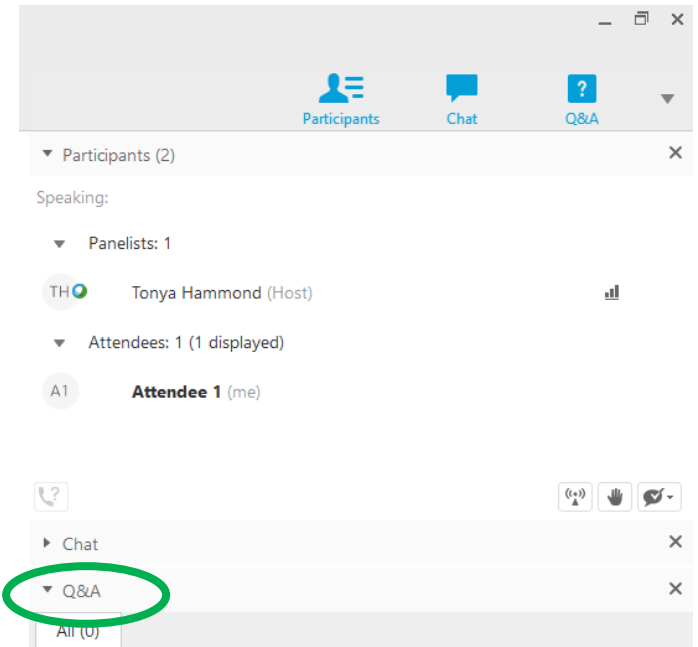

January 12, 2018

Overview

- City teams have benefited from the expertise of other cities in the Invest Health cohort. This grant program is intended to facilitate continued ideation and mutual support in furtherance of the established learning community between Invest Health cities.
- Reinvestment Fund will make small grants of up to \$15,000 in continued support of the Invest Health learning community, as part of the existing Invest Health program funding.
- All Invest Health city teams are eligible to apply in groups of two or more, proposing a collaboration which will further their mutual objectives - for example, commission of a piece of research, a site visit or exchange, or engagement of a professional expert service.

Dates and Deadlines

- Application period: January 7 - February 7, by 5pm EST on February 7.
- Activity(s) as described in the Letter of Intent (LOI) should be completed by May 31, 2018.
- A final budget and brief narrative report will be due by June 30, 2018.

Applicants

- Two or more Invest Health teams should be represented in each application.
- Teams may be a part of multiple applications.
- Grants will be awarded to the fiscal agent of one of the applicant Invest Health teams (selected by the applying teams).
- LOIs should be signed by one representative of each of the applicant teams.

Application Process

- Submit LOIs to info@investhealth.org (with cc to Jennifer.Fassbender@reinvestment.com).
- Submit a brief budget including travel and/or other expenses associated with the named activities in your LOI.

Guidelines

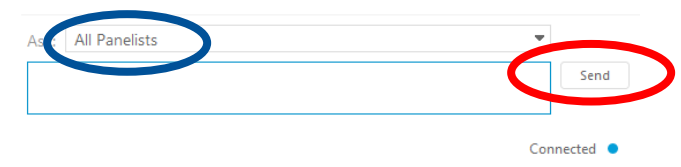

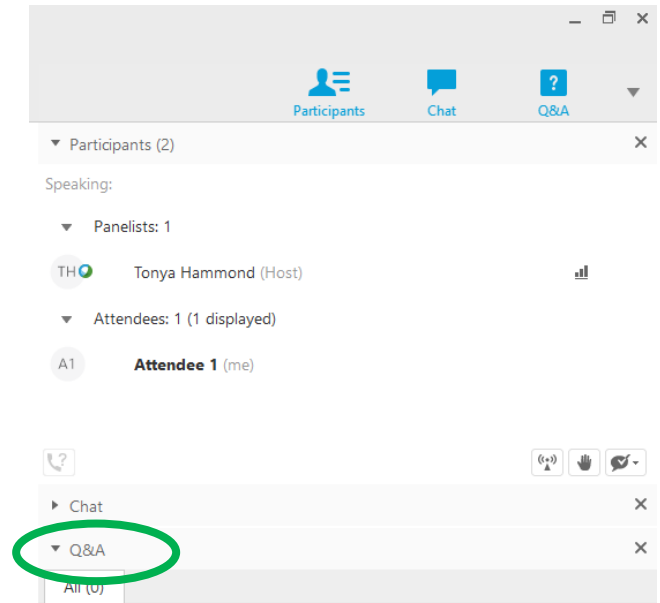

LOIs should not exceed two (2) pages, and should not include attachments. Successful applications will include/address the following:

- Description of the intended collaboration activity(-ies).
- How the collaboration activity(-ies) will contribute to the participating teams' sustainability and/or further the work the participating teams have undertaken during the Invest Health initiative.
- Rough implementation time frame.
- Likely participants (city teams, as well as specific people where possible).
- What the participating teams hope to gain from the collaboration.
- City teams should use discretion in ensuring there is a clear association with budgeted expenses and the described collaboration.

How to Submit a Question

Please submit questions using the **Q&A** feature on the right hand side of your screen.

- Please choose **All Panelists** from the “Send to” menu.
- Type your question and click **Send**.

Q & A Time
